

One short year ago today we enhanced our compensation plan!

We made several upgrades that better reward your efforts and ultimately rewarded your hard work by putting more money in your pocket.

Out of all those enhancements, there is one in particular where you may be leaving money on the table—the My PC Bonus. This month, we are offering an extra cash bonus for capitalizing on this often overlooked bonus!

When you earn the My PC Bonus for the first time before the end of March, you will receive an extra \$30. This makes the bonus \$100 instead of \$70!* What's more? When you add the retail commission on top of that (based on 350 QPC), you'll earn a total of \$130!

Qualifying is as Easy as
1, 2, 3.

3 PCs WITH
350 QPC

You simply need to have 3 qualified PCs who generate a combined 350 in QPC volume.

Shoot for the stars, go for the gold, and put a little extra cash in your pocket this month! [Track your progress using the My PC Bonus widget in your Online Office dashboard.](#)

*Available for USA Associate accounts who are qualifying for this bonus for the first time between March 1, 2021, and March 31, 2022.
